

GRAPHICS MANAGER

Toronto, Ontario

If you are an **experienced graphics / prepress manager** looking for a **unique opportunity** with strong **growth** potential, contact us!

THE DETAILS:

WE ARE

JDC Graphic Systems - a Flexographic pre-press trade house, based out of Sri Lanka. JDC Graphic Systems has been the market leader for Sri Lanka for over 30 years and recently set up an office in Toronto to expand into the North American market. JDC Graphic Systems provides Premedia services to Brand Owners, Creative Agencies, and Packaging Converters. The company expects to grow significantly in North America and is looking for candidates who are interested in taking an entrepreneurial role where they would wear several hats, take risks and grow as the company grows.

The role will be responsible for account management and managing files / print projects on a daily basis. The candidate should also have experience in Flexographic pre-press / pre-flight adjustments to perform the necessary quality assurance checks as part of managing files / print projects.
